

Our resources are available locally

Our people create our competitive edge. We have underwriting, risk control and claim professionals who partner with your local independent agent to better understand and meet your needs. And, many of CNA's professionals participate in an internal employee certification program for product liability, confirming their proficiency in this specialized field.

Our strength and resources can help you grow your business

CNA backs its commitment to the metal fabrication and machine shop industry with the financial strength and stability of a national carrier rated "A" by A.M. Best. For more than 100 years, CNA has provided insurance solutions to a wide range of businesses. The people at CNA have the expertise to guide you in managing your risks and minimizing your losses. We provide property and casualty products and services supported by focused expertise and nearly \$60 billion in assets. Our competitive coverages, underwriting, risk control and claim expertise, and deep understanding of the manufacturing industry will help you manage risks and reduce costs.

Lowering risks. Controlling costs. Protecting manufacturers.

Expertise you can count on to deliver tailored solutions

CNA's experienced and knowledgeable professionals have the expertise to address the specific risks metal manufacturers face. We work closely with your independent agent to provide products and services that meet your unique needs. As a result of our partnership, you benefit from property and casualty insurance coverages that help you manage your business' risk exposures, defend against liabilities and protect your long-term interests. This commitment, as well as our 20-year partnership with the Fabricators & Manufacturers Association (FMA), helps us stay ahead of industry trends and develop comprehensive products and services for your metal fabrication and/or machine shop business.

Manufacturers of all sizes rely on our industry knowledge and experience to minimize the risks you face every day. With dedicated customer service from your agent and industry expertise from CNA, including risk control and claim services that are among the best in the industry, you have the freedom to focus on what you do best — manage your business.

Our industry expertise helps deliver key coverages

Our broad portfolio of products offers a variety of standard business insurance coverages you need to protect your business, such as Property, General Liability, Automobile, Workers' Compensation and Umbrella. Your local CNA underwriter combines broadened coverages and policies with the territorial knowledge and the decision-making authority necessary to create customized solutions that are vital to the continued operation of a metal fabrication or machine shop business, such as:

- **Tailored Package Policies** — combines the best of property and liability coverages for manufacturers
- **Property InsightSM or Property AdvanceSM** — provides an array of property coverage options for manufacturers
- **Manufacturer's Selling Price** — protects the unrealized profits arising from damage to finished stock from a covered cause of loss
- **Utility Services** — covers business income loss arising from direct physical loss to utility services from a covered cause of loss
- **Consequential Loss Assumption** — covers the reduction in value of stock in the process of manufacture when the reduction of value is caused by direct damage to other parts of stock
- **Theft of Precious Metals** — provides coverage for loss due to theft of bullion, gold, silver, platinum and other precious alloys or metals used in the fabricating, manufacturing or finishing processes
- **Manufacturer's Property Extension** — provides industry-specific extensions including Marring and Scratching of Molds, Patterns and Dies, Processing Water (\$25,000), Contractual Penalties (\$25,000), and Adulteration, Spoilage, Change in Temperature (\$50,000); limits may be increased
- **Business Interruption** — provides protection designed to get your company back in business and operating at pre-loss levels as soon as possible
- **Key Employee Replacement Expense** — provides coverage for replacement expense incurred due to the permanent loss of services of a key named employee caused by a covered accident
- **Machinery and Equipment Breakdown** — provides coverage for the sudden and accidental breakdown of pressure, mechanical and electrical equipment
- **Transportation Coverage** — protects property in transit, including goods transported to customers or job sites on your own vehicles or in the custody of a carrier
- **Automobile Extension Endorsement** — an array of extensions needed by manufacturers, such as Broadened Insured definition, Supplementary Payments and Fellow Employee Bodily Injury
- **Limited Pollution Liability** — provides protection against losses resulting from accidental release of pollutants either at or from your owned premises or at a job site
- **Manufacturer's General Liability Extension** — an array of industry-specific extensions needed by manufacturers, such as Blanket of Additional Insureds including Vendors, which provides coverage when written contracts require you to name others as additional insureds
- **Manufacturer's Errors & Omissions** — coverage for damages incurred by a third party due to the loss of use of tangible property that is not physically damaged resulting from the failure of your product to meet the level of performance or quality represented by you
- **Product Recall Expense** — reimburses expenses incurred to recall a product if it is determined that the product has to be withdrawn or removed from the market (option for loss of profit)
- **CNA NetProtect 360SM and NetProtect EssentialSM** — provides the critical network security and privacy liability protection for any business that relies on computers and networks to run their business
- **International Passport[®] and WorldPassSM** — coverage for foreign exposures, including employee travel overseas and third-party liability suits brought outside of the U.S. that involve your products or services
- **EpackSM or Epack EZSM** — coverage for Employment Practice Liability, Miscellaneous Professional Liability, Directors & Officers Liability and Fiduciary Liability

*Standard underwriting guidelines apply and adequate property protection is required.

Our risk control services help you manage risk and reduce costs

CNA sets itself apart from the competition through our service professionals who collaborate with you to help protect your assets and improve productivity. To complement our coverages, we provide tools that can help your business minimize the likelihood of a loss. This comprehensive set of services includes:

- **School of Risk Control Excellence** — a series of complimentary educational seminars led by experienced manufacturing professionals designed to help you better understand risk control issues and mitigate their impact on your day-to-day manufacturing operations; course topics include:
 - Cargo Securement
 - Product Liability
 - Pre-emergency Planning
- **Infrared Testing Services*** — identifies electrical problems such as faulty fuses and overloaded circuits ... calculates energy savings and minimizes business interruptions
- **Return-to-Work Program** — in concert with CNA's cost containment services, helps injured workers return to work safely and expediently
- **Ergonomics** — assistance in developing self-sustaining workplace designs that increase productivity and efficiency, improve quality, and reduce risk factors
- **Product Liability Exposure Guide** — a step-by-step process that provides the essential elements any manufacturing enterprise can adopt to lessen the impact of a product liability claim
- **Online Training Modules** — more than 250 online safety training and exposure management courses
- **Joint Efforts** — partnerships with federal and state safety/health organizations and material-handling companies to help provide solutions involving manufacturing workplace exposures
