Our industry expertise helps deliver tailored coverages

We also provide several broadened property and general liability coverages that are vital to the continued operation of a roofing contractor. Here are a few examples:

- **Roofing Replacement Expense Coverage** — covers roof removal, repair or replacement, caused by defective materials or unintentional violation of applicable building codes; also covers roof blow off if materials did not perform to specs.
- **Environmental Response Costs Reimbursement** — provides up to \$25,000 coverage to reimburse for corrective actions ordered by EPA for debris removal to a governmentally approved waste site.
- **General Liability Extension Endorsement** — provides numerous enhancements to the general liability coverage part, including but not limited to: aggregate limits per project, excess and DIC coverage for non-residential wrap-ups, contractual liability for work done within 50 feet of railroad tracks when a RPL policy has been issued for the railroad and legal liability for borrowed equipment as long as it is not being used at the time of loss.
- **Contractor's Blanket Additional Insureds** — provides coverage when written contracts require you to name others as additional insureds.
- **Roofer's Pollution Liability and Work Site Coverage** — covers third-party damages caused by the release of pollutants from premises owned/rented to or occupied by the insured contractor, and at or from work sites where the insured is performing operations.
- **Broadened Pollution Liability Coverage (Auto)** — provides third-party liability coverage for bodily injury, property damage and clean up costs resulting from pollution spills involving a covered auto while in transit or at the job site.
- **Business Interruption** — protection designed to get your company back in business and operating at pre-loss levels as soon as possible. Reimbursements for reduction in income and extra expenses incurred because of the loss are provided.
- **Transit Coverage** — protection for property in transit, including property in the custody of a salesperson and goods shipped by water, land or air.
- **Information Technology Endorsement** — protection for site-specific hacking and denial of access to your Internet Web site.
- **Contractor's Equipment Deductible Waiver for LoJack® Brand Protection Systems** — waives the contractor's equipment deductible (up to \$10,000) on theft claims involving equipment that is protected by the LoJack Brand Protection System.

Our risk control services help manage risk and reduce costs

To complement our coverages, we provide tools that can help your business minimize the likelihood of a loss. This comprehensive set of services includes:

- **School of Risk Control Excellence** — this year-round series of risk control educational courses are instructed by experienced CNA Risk Control consultants and are complimentary to our clients and agents. These courses offer tools needed to help businesses increase their profit potential by cutting costs and controlling risk exposures in day-to-day operations. Available courses include Construction Boot Camp, OSHA 10 Hour for Roofers, Improving Safety Through Efficiency and Productivity, Managing Mobile Crane Safety, Power Line Safety — and much more.
- **Infrared Testing Services** — identifies electrical problems such as faulty fuses, loose wires and overloaded circuits to help customers prevent unscheduled maintenance, decrease business interruptions and increase energy savings (eligible clients only).
- **Return-to-Work Program** — helps injured workers return to work safely and expediently, managing the cost of workers' compensation claims.
- **Ergonomics** — assistance in developing self-sustaining work site designs that increase productivity and efficiency, improve quality and reduce risk factors.
- **Managing Your Fleet Safety Program** — a step-by-step process that provides the essential elements any contracting enterprise can adopt to manage fleet safety and accident prevention.
- **Online Training Modules** — through our training partners, CNA insured contractors receive discounted rates on more than 250 online and stand-alone safety training and exposure management courses.
- **New Joint Efforts** — partnerships with federal and state safety/health organizations and material-handling companies to help provide solutions involving contracting workplace exposures.
- **FallPRO** — falls are a leading cause of worker injuries and fatalities in construction. This program provides an in-depth analysis of fall exposures and provides management techniques that construction firms can use to protect workers.

Our claim service is among the strongest in the industry

CNA's claim professionals specialize in contracting to handle claims quickly and fairly. Should you ever need to file a claim, CNA is there to support you — across the country, internationally and around the clock.

Our Major Case Unit is designed specifically to manage complex and high exposure cases for our insureds. Our "Center of Expertise" in contracting provides dedicated adjusters with extensive litigation training and features a National Trial Panel. With experienced adjusters and qualified lawyers, CNA is well positioned to handle complex claims and litigation.

We provide an array of fraud-prevention and detection services. Our Special Investigations Unit (SIU) is committed to helping contractors reduce the effects of fraudulent claims. For eligible accounts, we also offer Clearview Quickview™ — a tool that allows access to a broad range of claim information as permitted by law.
