

Your Best Defense

The Cincinnati Insurance Company

Nurse's Professional Liability

Claims against medical professionals continue to increase. Medical professionals may be sued even when they diligently provide the appropriate standard of care to their patients. With a Cincinnati Nurse's Professional Liability policy, you can practice your profession with confidence, knowing that we will defend you against a covered claim even if a suit is groundless, false or fraudulent.

Accidents do happen

Your employer's professional liability policy may not fully protect you as an individual or it may provide an inadequate amount of insurance. Nurse's Professional Liability coverage from Cincinnati will pay sums you become legally obligated to pay when a patient under your care is injured due to an alleged act or omission while furnishing professional services, no matter if you are working for your company or caring for patients on your own time. Your Cincinnati policy will also cover you for nursing services furnished by any person acting under your personal direction, control or supervision.

Prescription strength at over-the-counter cost

You'll be protected for up to \$200,000 per claim. For more protection, you can increase your amount of coverage by \$1,000,000 or more with a Cincinnati Personal Umbrella Policy extended to cover your professional liability exposure.

For convenience, protection and peace of mind, you can add this coverage to your Cincinnati Homeowners Policy and have all your insurance needs handled with one insurance agent and one premium.
